EXPERIENCE

Web Developer Intern | **Mass Technologies**

Django, PostgreSQL, Python
Aug 2021 – Sept 2021

- Gained hands-on experience to create a secure backend using Django and Python, facilitating the efficient handling of data, user authentication, and server-side logic.
- Formulated a PostgreSQL database schema to store and organize student details and project information and optimal retrieval.
- Developed a user-friendly front end using HTML, CSS, and JavaScript, creating an intuitive interface for administrators to manage student records and project data.

PROJECTS

Automatic Emailing System for Audit Processes

MERN (Fluid Controls Pvt Ltd)

August 2023 - December 2023

- Architected and implemented a robust Automatic Emailing System utilizing MERN technology.
- Engineered an innovative email automation system that triggers and sends emails based on various audit processes, resulting in a 60% reduction in manual intervention and a 40% improvement in process efficiency.
- Constructed an intuitive and responsive dashboard using React, providing users with a centralized platform to manage and monitor different audit processes.

Income & Expense Tracker

React Js

- Designed a user-friendly dashboard that represents income sources, expenses using React components and state management.
- Integrated a date functionality to store and track financial transactions history.
- Leveraged React Js to create a single-page application (SPA) architecture, delivering a responsive user interface for tracking financial transactions.

Cosmetic Website: Samruddhi Beauty Center

HTML,CSS, JAVASCRIPT

- Designed a visually stunning cosmetic website from scratch using HTML, CSS, and JavaScript, enhancing the online presence.
- Led JavaScript to enhance user interactivity, including dynamic product carousels, image sliders, and smooth transitions for an engaging user experience.
- Implemented a modern user interface, ensuring seamless navigation across browsers.

EDUCATION

VISHWAKARMA INSTITUTE OF INFORMATION TECHNOLOGY
BTech Computer Engineering
2021 - 2024 | Pune, India
CGPA: 9.54/10

WALCHAND COLLEGE OF ARTS SCIENCE COLLEGE
2018-2020 | Solapur, India
HSC (Class XII), Aggregate: 85%

SIDDHESHWAR HIGH SCHOOL
2018 | Solapur, India
SSC (Class X), Aggregate: 92%

SKILLS

Languages:
- C
- C++
- Java
- Python
- HTML
- CSS
- JavaScript
- React Js
- Git & GitHub
- SQL
- Data Structures & Algorithms
- 300 + DSA Problems
